- Adjustment of financial result mainly due to net revaluation effects from FX movements

Group organic revenue up by 3.5%

- Positive out of home revenue development in Germany and Turkey
- Scope effects solely from online acquisitions
- Significant effects from devaluations of Turkish Lira in the course of 2013

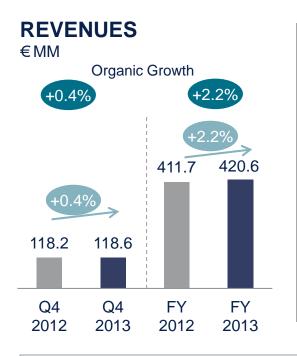

Digitalization fuels revenue growth

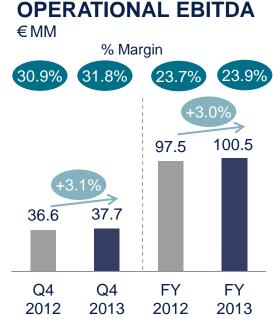

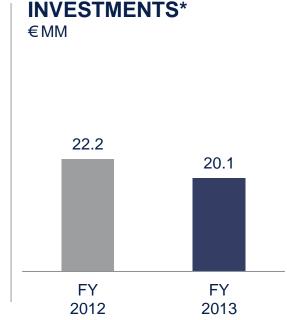

- Billboard revenues driven by robust demand in Turkey and new Istanbul assets
- Accelerated demand for large formats and digital products
- Substantial improvement in Transport fuelled by digital assets

Ströer Germany: Revenues up in a muted market backed by demand for digital & regional products

- Double-digit revenue increase of digital products leading to an increased share of digital revenues from 9% in 2012 to 11% in 2013
- Increased revenues with regional clients driven by sales initiatives
- Moderate cost development supports slight margin improvement

Ströer Turkey: Growth driven by new assets and product launches

- Strong sales momentum on regional and national levels
- Positive market sentiment on new product offerings boost demand in Istanbul
- Moderate Capex spending after strong prior year investments in Istanbul ramp-up

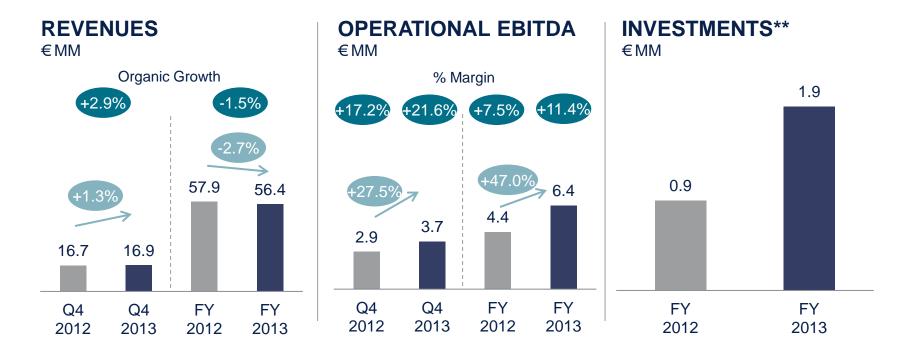

Ströer Online: First contribution to Group revenues and operational EBITDA

- Revenues and EBITDA contribution in line with expectations
- High single digit revenue increase on a like-for-like basis in spite of major post merger integration activities
- Low investments in capitalization of self-developed software solutions

Ströer Other*: Growing Revenue and EBITDA contribution from blowUP

Group free cash flow: Growing cash generation from operations enables financing of acquisition activities

€MM

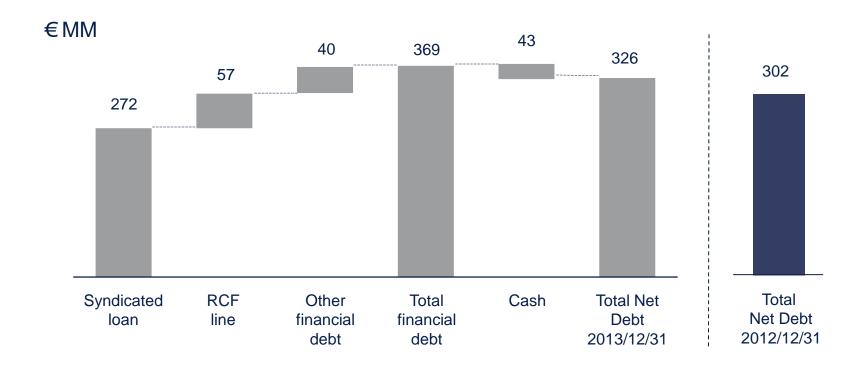

- Strong operational cash flow generation benefitting from better trading and working capital improvements despite increased income taxes paid
- Prior year included higher investments due to Istanbul ramp-up
- Investing cash flow includes acquisition of adscale, radcarpet, ballroom and mbr

Increase of net debt in 12M 2013 due to Online acquisitions

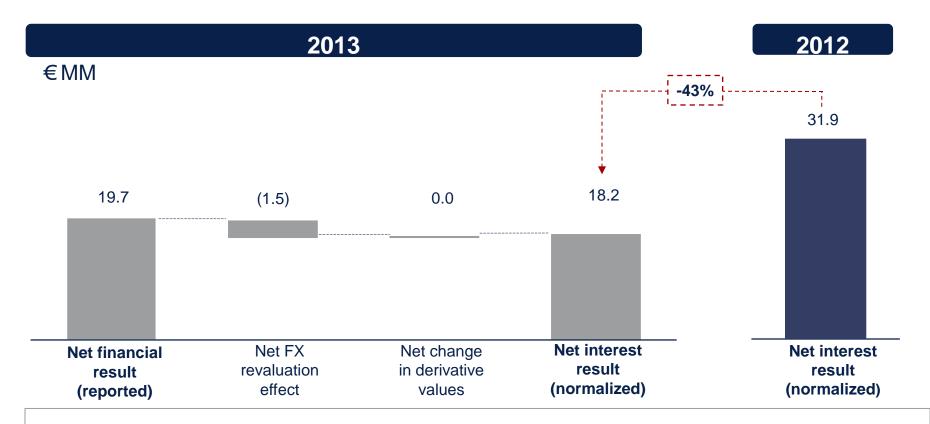

Increase of net debt due to Online acquisitions in 12M 2013

 This increase is due to cash settlements of purchase prices and future earn-out agreements

Underlying net interest charge further improved in 2013

- Lower debt service following optimized loan structure as part of refinancing in 07/2012
- Further savings from termination of interest hedges that became due in October 2012 and April 2013

Key growth areas and intiatives

- Ströer is targeting an OOH market share increase in Germany from ~5%* to ~ 8% in the next 4 to 5 years
 - Increase our fill rates on existing infrastructure with new budgets from national and regional customers
 - Expansion of our digital product base
 - New sales force for permanent advertising for local customers, up to 100 new sales people at the end of 2014
- Active player in consolidating the German online market
 - Organic growth through new premium sales mandates and selective acquisitions of smaller players in the Online market
 - In H2 2014 start of local sales force for regional online ads

For the first quarter of 2014, we expect revenue growth in the low teens driven by our entry into the online advertising market and low single-digit organic growth for the whole group.
